# ABOUT COMPANY

## WHO WE ARE

- A manufacturer of custom-made textile products based in the Czech Republic and Slovakia
- Production and development facilities located in: Bolatice(CZ), Brezno(SK), Trebišov(SK)

## WHAT WE OFFER

- **Custom textile development**  
Individual approach and solutions precisely tailored to customer requirements
- **In-house development team**  
From concept and prototyping to serial production
- **Accredited testing laboratory**  
Testing and certification in compliance with EN ISO/IEC 17025

## OUR STRENGTHS

- High flexibility and made-to-measure production
- Fast and reliable delivery within agreed timelines
- Consistent focus on quality, considered a standard
- Specialized technical solutions for demanding applications
- Long-term partnerships built on individual customer care

## OUR PHILOSOPHY

- Precise and efficient response to customer requirements
- Strong emphasis on quality, speed, and accuracy
- Continuous product development and innovation

# MACHINE GUN BARREL COVER

## PRODUCT DESCRIPTION

Transport cover for machine gun barrel (7.62 mm / 5.56 mm). Durable, heat-resistant construction protects the operator when handling a hot barrel.

## TECHNICAL DATA

**Outer material:** Polyamide (Nylon), WR modification

**Inner part:** thermal isolation 1200 °C + heat resistant fabric 1100 °C

**Outter part:** removable adjustable shoulder strap

**Fastening:** Flap with quick release buckle

**Attachment:** Molle webbing

**Heat and water dissipation:** holes in the bottom

**Size:** 21x59 cm; 21x84 cm

**Colors:** MC, Ranger Green, Coyote, Black

**Other:** Possibility of customizing the material and size

# MACHINE GUN BARREL COVER

## PRODUCT DESCRIPTION

Transport cover for machine gun barrel (7.62 mm / 5.56 mm). Durable, heat-resistant construction protects the operator when handling a hot barrel

## TECHNICAL DATA

**Outer material:** Polyamide (Nylon), WR modification

**Inner part:** thermal isolation 1200 °C + heat resistant fabric 1100 °C

**Outer part:** pocket (not heatresistant)

**Fastening:** Flap with quick twor elease buckle

**Size:** 50x75 cm

**Colors:** MC, Ranger Green, Coyote, Black

**Other:** Possibility of customizing the material and size

# MACHINE GUN MAGAZINE POUCH 5,56MM

## PRODUCT DESCRIPTION

Robust pouch designed for transportation and quick access to the plastic magazine with cartridges for LMG. The construction is designed for demanding military use with an emphasis on strength, easy opening and secure attachment to equipment.

## TECHNICAL DATA

**Material:** Polyamide (Nylon), WR modification

**Attachment:** MOLLE webbing

**Fastening:** Flap with quick release buckle

**Capacity:** magazine for LMG 200 rounds 5,56mm

**Water drainage:** drainage hole

**Colors:** MC, Ranger Green, Coyote, Black

**Size:** 16,5x8x19

**Other:** Possibility of customizing the material and size

# MACHINE GUN MAGAZINE POUCH 5,56MM

## PRODUCT DESCRIPTION

Robust pouch designed for transportation and quick access to the textile magazine with cartridges for LMG. The construction is designed for demanding military use with an emphasis on strength, easy opening and secure attachment to equipment.

## TECHNICAL DATA

**Material:** Polyamide (Nylon), WR modification

**Attachment:** MOLLE webbing

**Fastening:** Flap with quick release buckle

**Capacity:** magazine for LMG 100 or 200 rounds  
5,56mm

**Water drainage:** drainage hole

**Colors:** MC, Ranger Green, Coyote, Black

**Size:** 100 rounds – 15,5x7,5x11 cm

200 rounds – 15,5x7,5x16 cm

**Other:** Possibility of customizing the material and size

# TEXTILE AMMO MAGAZINES

## PRODUCT DESCRIPTION

Lightweight textile magazine for machine guns serving as an alternative to hard cases. Allows for lower weight and more flexible storage of tactical equipment.

## TECHNICAL DATA

**Material:** PES 600D

**Capacity:** 100 / 200 rounds 5.56mm; 100 rounds 7.62mm

**Attachment:** standard adapter compatible with FN minimi

**Closure:** YKK zipper

**Colors:** MC, Ranger Green, Coyote, Black

**Other:** Possibility of customizing the material and size

# SLING FOR LMG

## PRODUCT DESCRIPTION

Universal two-point weapon sling with configuration options. Designed for stable carrying LMG. Padding increases comfort during long-term wear. The non-flammable material increases safety and reduces the risk of damage or tearing the sling from the weapon.

---

## TECHNICAL DATA

**Material:** PES 600D, WR modification

**Padding:** 2 cm

**Buckles:** Plastic

**Regulation:** quick tightening with one hand

**Attachment:** with a loop

**Size:** 8x74 cm

**Colors:** MC, Ranger Green, Coyote, Black

**Other:** Possibility of customizing the material and size

# SOFT RIFLE/LMG CASE

## PRODUCT DESCRIPTION

Protective textile case for assault rifles and machine guns. Ensures safe transportation of weapons, barrels, accessories and magazines. Suitable for military and sports use.

## TECHNICAL DATA

**Material:** Polyamide (Nylon), WR modification

**Padding:** shock-absorbing foam over the entire surface

**Fastening:** two-way YKK zipper

**Inner part:** Molle webbing with Velcro, fastening straps, magazine pockets, removable partition

**Outer part:** Molle webbing, Velcro panel, removable shoulder strap, handle

**Lengths:** 116 cm; 106 cm

**Size:** 116x8x30; 106x8x30

**Colors:** MC, Ranger Green, Coyote, Black

**Other:** Possibility of customizing the material and size

# COVERS AND EQUIPMENT OF VEHICLE INTERIOR

- Custom manufacturing of heavy-duty protective covers for military vehicles, weapon stations, optical and sensor systems
- Made-to-measure textile equipment for combat and special-purpose vehicle interiors
- Transport bags, storage systems, securing elements, and tactical organizers for medical, logistics, and operational use
- Production based on customer documentation or complete in-house development
- Design, engineering, prototyping, and testing under real operational conditions
- Selection of mission-specific materials and constructions (waterproof, abrasion-resistant, UV-stable, flame-retardant options)
- Tactical and camouflage colorways available
